CONVENTION GOES TO BALTIMORE

DEMOCRATIC NATIONAL CONVENTION WILL MEET THERE JUNE 25.

Washington, Jan. 9.—The democratic national committee completed its work here Tuesday with the selection of Baltimore as the convention city.

June 25 was fixed as the date of the national gathering when candidates for president and vice president will be selected.

The republican national convention will be held in Chicago June 18.

The democrats adopted a "permissive" primary resolution in connection with the call for delegates and such states as have laws on the subject, or desire to do so, can select their representatives in the national convention by direct vote.

Harmony marked Tuesday's sitting of the committee, which was given over almost entirely to the arguments of the representatives of the various cities bidding for the convention. William J. Bryan did not attend. He had not finished his speech at the Jackson day banquet until well after 3 o'clock Tuesday morning.

There was a brief controversy over the proposed recognition of the republican progressive club, an organization said to have grown out of a movement started by W. R. Hearst. When objection was made the question of recognition was deferred for four years.

Mack Heads Committee.

National Chairman Norman E. Mack was named to head the subcommittee on arrangements for the convention.

Vice Chairman, Norman E. Mack was named to head the subcommittee on arrangements for the convention.

Vice Chairman Hall of Nebraska and Secretary Ury Woodson of Kentucky will be ex-officio members of this subcommittee and there will be seven additional members to be named later by Mr. Mack.

The primary resolution adopted was a modification of one proposed by Senator Chamberlain of Oregon. It was framed by a subcommittee headed by Clark Howell, and was as follows:

"That in the choice of delegates and alternates to the national democratic convention of 1912 the democratic state or territorial committees, may, if not otherwise directed by law in such states or territories, provide for the direct election of such delegates or alternates if, in the opinion of the respective committees, it is deemed desirable and possible to do so, with proper and sufficient safeguards. Where such provision is not made by the respective committees for the choice of delegates and alternates and where the state laws do not provide specifically the manner of such choice, then the delegates and alternates to the said national convention shall be chosen in the manner that governed the choice of delegates from the respective states and territories to the last national democratic convention."

Baltimore led the fight for the convention from the very first, but two ballots were required before St. Louis succumbed. Then the vote was made unanimous. The Baltimore bid was accompanied by a certified check for \$100,000. The date of the convention, June 25, suggested by F. B. Lynch of Minnesota, was unanimous.

The first ballot for the convention city gave Baltimore 25 votes, and St. Louis 19, with scattering votes for Denver, Chicago and New York. On the second ballot Baltimore had 29 votes, a majority of the committee and sufficient. St. Louis went up to 22 votes, but the fight for that city, carried up to the last minute, proved vain.

Stove Needed.

A deserving widow has applied to the United Charities for a heating stove. If any one has a small coal stove they will donate to the cause, they are requested to notify S. B. Dameron, superintendent.

Finest line of chocolates in Ada at the Model Confectionery. 196-17

RICHESON GIVEN DEATH SENTENCE

BOSTON PREACHER WHO CONFESSED TO MURDER GETS THE LIMIT.

Boston, Jan. 9.—With the appearance of a man who had abandoned all hope of life, the Rev. C. V. T. Richeson stood Tuesday at the bar of justice, declared his guilt of premeditated murder of his former sweetheart, Avis Linnell, and without fear or a tremor heard Judge Sanderson sentence him to death in the electric chair during the week beginning May 19.

While displaying remarkable stoicism, the young Virginian appeared to those who crowded the little courtroom as if he was conducting his own funeral. Yet, as he walked out of the courtroom, there was a trace of old time jauntiness that seemed to indicate to many that his fight was not yet past.

The half dozen questions which Judge Sanderson put to Richeson as to whether he realized the full nature and effect of his acknowledgment of guilt, he answered without the slightest emotion, always in the affirmative.

Richeson's counsel declared after the proceedings that an appeal for executive clemency would follow soon and that every effort would be made to obtain life imprisonment as the punishment. Upon what grounds the petition will be based has not been declared.

Some well known attorneys remarked Tuesday night that Judge Sanderson's action in accepting the plea and ordering it spread upon the records of the court might have an echo in the supreme court on the ground that a jury alone could accept such a plan.

NEW YORK HAS

\$6,000,000 FIRE

New York, Jan. 9.—The immense marble and granite home of the Equitable Life Assurance Society, covering a whole block in lower Broadway, a historic landmark of New York's early period of skyscraper buildings and one of the city's important financial centers, was today destroyed by fire with a loss of six lives, and probably \$6,000,000 in property. A dozen persons were injured.

Valuable records, including the biography of E. H. Harriman and two priceless libraries which can not be replaced, went up in flames and the fate of hundreds of millions of dollars' worth of securities, stored in safety deposit vaults, was tonight in question, although it was believed fireproof construction had saved them.

Fought in the heart of the financial district the fire upset the financial machinery of Wall street and busi-

ness was practically suspended throughout the day.

The great structure which, besides containing the main offices of the Equitable Society, was the home of the Mercantile Trust Company, the Equitable Trust Company, the banking house of Kountze Brothers, August Belmont & Co., the Harriman railroad lines, the Mercantile Safe Deposit Company, the Lawyers' Club and many of the city's most prominent law firms, stands tonight a shell of ice-coated granite.

Besides involving heavy financial loss and serious disturbance to the big business interests, the fire was spectacular.

The intense cold acted almost instantaneously upon the water poured upon the flames and a thick ice coating speedily formed on the facades of

towering skyscrapers adjacent and upon pavements for blocks around.

The bulwark of modern fireproof structures, according to Fire Commissioner Johnson tonight, was invaluable as a protection to the entire financial district. As it was the damage except by water, was confined entirely to the Equitable structure.

In the county court yesterday afternoon the hard fought suit over possession of a horse was decided in favor of the plaintiff Craig. A similar decision was rendered sometime ago in the justice court, but the case was appealed by the defendant Ballou.

Rev. S. B. Dameron is smiling today over the arrival of a little daughter, who took up her residence with the family last night.

'Our Foundation is Style all the While'

EARLY MORNING

ALARM OF FIRE

About 6 o'clock this morning the fire boys were called out to fight a fire which started in the roof of a small house on Claud Rodarmel's premises. The fire caught from a defective flue, and had made some headway before the fire wagon arrived on the scene, but it was extinguished with the chemical in a few minutes. Only a few square feet of the roof was burned.

All indications today point to the accuracy of the prediction of the worst blizzard of the season. The prospect is not a very inviting one, and even the consolation found in the hope of an early spring is very poor.

Address All Letters to the News Publishing and Printing Company

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

If there is any virtue in the literature being sent out by the Harmon headquarters, the presidential nomination is his already. Every mail brings the News a whole batch of reading matter telling what a thundering good governor the old fellow has made. His press agents are all right, who ever they are.

Congress will be called upon by prohibition advocates to extend the law against shipping liquor into dry territory to all parts of the union, and discontinue the practice of issuing revenue licenses in such territory. If this is done the greatest obstacle to the effective enforcement of the law will have been removed and the suit case bootlegger will stand a chance of two prosecutions, one in

the state and one in the federal court. A few nifty ones may still try to ply the trade, but their life would certainly be something besides a sweet dream.

Press dispatches state that Russia has grabbed Mongolia, one of the border provinces of the Chinese Empire, and that England is preparing to lay hands on Tibet, another large huge territory to the north of India. However, they might profit by the experience of Russia in dealing with Japan. That little nation just bided her time until she gathered her strength and then knocked the eternal stuffing out of her greedy neighbor, China, under the guidance of the level headed leaders educated according to western standards, will be far different from the China under the effeminate Manchu dynasty, and with her immense population and great natural resources as yet undeveloped, it will be only a question of a few years until the tables are turned, and both bullying nations will get about the worst licking they ever heard about. The Chinese have not forgotten past wrongs, and will be eager to avenge them at the earliest possible moment. The giant is awakening and the pygmies will have to change their tactics.

Only a few weeks ago Kansas democrats captured a seat in congress made vacant by the death of a republican and now they have repeated the performance by electing the successor to Congressman Madison, who died recently. Begins to look like Kansas must be placed in the list of doubtful states.

Dr. Carroll's Appointments.

Rev. C. Stubblefield reports a fine service at the Baptist church last evening. Rev. J. M. Carroll will remain in Ada the remainder of the week and will hold three services daily as follows: 11 a. m., 3:30 p. m. and 7:30 p. m.

Rev. E. S. Harris will speak on the streets tomorrow evening at 8 o'clock and Friday and Saturday at the corner of Main and Broadway. Everybody hear him.

HIS TROUBLE NOT OF HEART

Real Facts in Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Thedford's. Price 25c.

TAX ASSESSOR GETTING READY FOR BUSINESS

N. T. Heard, the new tax assessor of Pontotoc county, is a busy man these days. He is shaping things up for quick and accurate work when the actual assessing of taxes begins. He expects to begin assessing January 15. Under the new law taxes will be based on valuations as they were January 1 of each year instead of March 1.

W. D. Kennedy is Mr. Heard's office deputy, and he will appoint what field deputies he needs in a few days. It is his intention, however, to do as much of the work himself as possible. He will share the office room of W. S. Kerr, county clerk.

No Decision in Mandamus Suit. It had been confidently expected that the supreme court would hand down a decision yesterday in the mandamus suit in which the county attorney sought to force the signing of warrants up to the full amount of tax levied for 1910, but somehow it missed fire again. As the prescribed time of six months had elapsed since the appeal was filed, the case was resubmitted and will not be heard before March, and possibly not then. Meantime, several hundred just claims against the county must wait for a final determination of the case, unless the commissioners follow the example of others in the state and issue funding bonds, or a lot of delinquent taxes are paid in. The O. C. railroad owes almost enough to take care of the outstanding claims.

PROGRAM OF WEEK OF PRAYER

Wednesday evening, Jan. 10, 1912, First Presbyterian church, Dr. R. G. Sears, speaking, theme "Nations and Their Rulers."

Thursday evening, Jan. 11, 1912, First M. E. church, Rev. Dr. Carroll speaking, theme, "Foreign Missions."

Friday evening, Jan. 12, 1912, First Baptist church, Prof. C. W. Briles speaking, theme "Families Education at Establishment and the Young."

Saturday evening, Jan. 13, 1912, First Presbyterian church, Marshall Dupree speaking, theme, "Home Mission and the Jews."

Sunday evening, Jan. 14, 1912, First Baptist church, Rev. James Rayburn speaking, theme to be selected.

On the modern household. The up-to-date housewife no longer finds the household duties a drudgery. She has electricity installed in her home. The house is heated, she cooks, bakes, operates her sewing machine, her washing machine and does her ironing—all by electricity. It saves health and strength and prolongs life. It is quick, reliable and convenient. The housewife who would like to learn how to lighten her labors should call at our office. We will be glad to explain more fully.

NORMAL NEWS

The charge has been made that the normals are nothing more than high schools with a big name. People who make this charge are certainly uninformed; they need to go through one of the normals and learn just what a normal is.

The normal does the regular high school work but in addition to that it does two years of regular university work and gives full university credit for the work. The four years of high school work is done in an entirely different way from what it is done in a high school. First, it is more thorough and completely covered; second, you get a wider range of subjects.

It is the duty of every citizen who lives in Ada and vicinity to know the work done by the normal. At any time you are welcome to inspect our school from one end to the other. We want you to see everything in it so that you can better know what it is doing.

The primary purpose of a normal is to make teachers. It makes no difference where the pupils of a school live if it is accomplishing its purpose, it is a success. It has been said that the greater part of the students who attend the normal here lived in Ada. The rolls show that we have more students who live out of town than live in town. We are making teachers, too. At least there are one hundred and forty-four in school this year who intend teaching. What kind of a high school is that?

Preparations are being made for the summer term of the normal. Here tofore it has lasted only five weeks or one half the regular term. But this year it will last the full time or ten weeks and full credit will be given for the work. Last year over three hundred teachers were here and it is expected even a larger number will attend this summer.

Outdoor sports will be encouraged more in the normal than ever. A cross country club will be organized and runs will be made soon. The grounds will be fitted up with horizontal bars, parallel bars, jumping standards and jumping pits.

Miss Minnie McSwain who has been attending Bloomfield academy enrolled yesterday.

Work is progressing nicely although the heating plant is still out of order. About twelve of the rooms have been fitted up with stoves and every thing is running as if nothing had happened.

AVOID HARSH DRUGS

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They give only temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on a positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orgeries. These are prompt, soothing and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak and delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—the Rexall Store—Gwin & Mays Drug Co.

CORY-WOODS.

Yesterday evening at the Jarvis residence on East 8th street, Mr. G. M. Cory of Deer Creek, Oklahoma, and Miss Katie Wade Woods of Shawnee were united in marriage by Justice Brown.

The justice cannot be said to have performed the ceremony in his usual happy manner, for he was somewhat ruffled by falling into the water works extension ditch in that part of town. He won't admit it was as bad as that, but that is the private opinion of some of his friends.

May Start Highway Work Soon.

Oklahoma City, Ok., Jan. 9.—Sidney Suggs, State Highway Commissioner, and Clark Hudson, assistant of the department, will meet the township officers and County Commissioners of Logan county at Guthrie next Saturday with a view of getting that county's work on the interstate postal highway started. The department expects considerable work to be done during 1912.

Suits are soon to be instituted that will carry to the Supreme court questions concerning the new road law, under which bonds for construction may be issued. The department will recommend to the next Legislature a number of changes in the statute.

PAINFULLY HURT

About 3:30 this afternoon A. W. Landers, one of the carpenters on the Daggs-Little buildings on 12th street, was painfully injured by a falling wooden arch. He and others were removing the arch, which was used in holding up the brick work while it was being put in place. In some way it slipped and fell, one end striking him on the cheek, inflicting an ugly gash, and knocking him backwards in such a manner that his head struck the supporting column with stunning force. He was rendered unconscious for a few minutes, but was soon able to be taken to his home in North Ada.

When out for a drive or walk don't fail to visit Milstead's nursery on Mississippi avenue. 237-3t*

\$115,000 TAX MONEY COLLECTED TO DATE

The county treasurer's office is not the scene of so much activity as was seen there in December. To date about \$115,000 of taxes has been collected. This, of course, includes all forms, state, county, municipal, township and school levies. Deputy Treasurer Lee Daggs informs the News that the office has issued over 1,000 receipts more than it had at the same date last year.

Opening of the Olympic.

Last evening the large room occupied by the new Olympic theatre was too small to accommodate the crowds that attended the opening performance. A good show was given and a fine start made by the new play house

NO POSTPONEMENT OF REPUBLICAN CONVENTION

Ardmore, Okla., Jan. 9.—Roy M. Johnson, editor of the Statesman and republican county committeeman, says he knows nothing of the report that the Coalgate convention had been postponed and he is of the opinion that the meeting in the Fourth congressional district will be held on schedule time on January 23.

The local delegation has selected as its candidate for the national convention G. A. Ramsey, who came here six years ago from Springfield, Mo. Mr. Ramsey went to the republican national convention from Missouri in 1892, when Harrison was nominated and he was receiver of the land office at Springfield for four years under President McKinley, to whom he was distantly related. He is a public spirited citizen and an active church and Y. M. C. A. worker.

**WILLIAMS AND
KIRK COMING**

Judge R. L. Williams and Gen. Brant
Kirk Will Address Citizens of
Pontotoc County, Jan. 20.

Judge C. A. Galbraith is in receipt of a letter from Judge R. L. Williams accepting the invitation of the Champ Clark club of Ada to deliver an address here on the evening of the 20th. J. W. Davis will probably hear from Gen. Brant Kirk today, he being also invited to speak at the same occasion. He promised sometime ago to come when invited, and will be here without fail.

These men need no introduction to the citizens of Pontotoc county. Each man in his own line has few equals. Judge Williams can handle cold facts in a manner that will convince the most skeptical, while Kirk is one of the greatest humorists in Oklahoma. Those who will not laugh when he talks are dead ones sure enough. Both men are ardent supporters of the

Report of Game Warden's Office.

Oklahoma City, Ok., Jan. 10.—Conflicting statements regarding the office of the state game warden, included in the reports of the state auditor and treasurer, called for a statement from Warden John B. Doolin's office Tuesday, as follows:

Hon. Leo Meyer, state auditor, says that the revenues received by the state from the state game and fish warden is \$68,308.50, while State Treasurer Robert Dunlop asserts that during the same period of time, the state has only received \$35,640.

"Dunlop also states that the expenses of the game warden for the same period was \$32,829, while the auditor's report for the fiscal year shows that \$16,698.25 was expended for the conduct of the warden's office and in addition thereto, several thousand dollars were expended for propagating purposes.

"The state game warden's office has distributed and still holds in the hands of the various county clerks and deputy game wardens, over 90,000 hunting licenses and the game law provides that final settlement for these shall be made with the state treasurer on May 1 of each year.

"The total number of licenses sold will not be known until May 1st, 1912, for the past year's hunting season."

FOR RENT—Furnished rooms for light housekeeping. 16th and Broadway. Mrs. Shands. 237-21

**PREPARING TO BEGIN
ROAD BUILDING**

Oklahoma City, Jan. 10.—Chairman Clark C. Hudson of the general committee on construction of the interstate postal highway extending across Oklahoma from Kansas City, Kan., on the north to the Texas line on the south, has written to chairmen of all the county organizations of counties through which the road will pass on the north, asking them to arrange meetings of township trustees and county commissioners to discuss plans for doing preliminary work on the road.

It is planned to have the road follow county highways, and to construct culverts and bridges insofar as possible from the county and township road funds. This work will be permanent, and later the work of construction may be carried to completion by the road district improvement plan.

The law, which allows the organization of improvement districts and the voting of bonds for road work inside the districts, now is being tested in the supreme court, the Caddo county case having been carried to that body. A case somewhat similar in Oklahoma county is under consideration in the district court here. It is hoped that a decision will be handed down in these cases within the next month or so.

The first county to call a meeting on the lines outlined by Chairman Hudson was Logan county. The commissioners and trustees will meet at Guthrie Saturday, when the possibilities of starting the work by this plan will be considered.

The road has a total length of about 275 miles, and passes through the counties of Kay, Noble, Logan, Oklahoma, Cleveland, McLain, Garvin and Murray. At Murray county it branches one road going through Johnson and Bryan and the other through Carter and Love counties.

Of the 275 miles, 175 miles is through proposed improvement districts, and it is anticipated that the decision of the supreme court upholding the improvement district law, the interstate postal highway will be a reality within the year.

COMMON SENSE

Common sense is the ability to judge values—to know a great thing from a small one. Common sense is more valuable to have than six degrees from a state university. The wink of satisfaction will be yours if you do business in the Coal line with us.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

Phone No. 25.

Has Love the Right of Way?

A man who signs himself "B. A." writes:

I want very much to meet a young lady, but cannot find a mutual friend. What shall I do?

Answer—I think you must keep on looking for the friend. You ought not to meet her without proper introduction.

Is this the right answer?

Question and answer are clipped from the columns of a current newspaper. No matter which one. You can find the likes of them in the columns of any paper that carries a questions and answers column. The answer is always the same.

Is it the right answer?

The Muskogee Times-Democrat rather doubts it, and we are inclined to concur in the opinion. No doubt the anxious inquirer is pining away with a gnawing pain at his heart and will end his days in a premature grave unless some obliging friend to whom he can confide his great secret comes along and throws down the barriers imposed by the usages of society. Of course in his desperation he may finally muster the courage to make himself known to the lady who has made so deep an impression on his tender heart. He must be a green sort of gut, or else he would have long ago overcome his fears.

**THE MEETING AT
ASBURY CHURCH**

Rev. Harris is holding a meeting at the Asbury Methodist church that will continue until Sunday evening. Interest is good. Preaching this evening at 7:30. Everybody invited to attend.

Rev. E. S. Harris born in Dyersburg, Tenn., Oct. 25th 1868. Son of Rev. Dr. W. T. Harris, one of the leading ministers and greatest preachers of Southern Methodism, grand nephew of the late Senator Isham G. Harris of Tennessee. Read law for two years in the offices of Gant & Patterson of which firm ex-Gov. Patterson of Tennessee was a member. Graduate of the Memphis Law School and practiced law for seven years in Tennessee and two years in Tulsa, Okla. Was a member of the Memphis annual conference for thirteen years and occupied the leading stations in Tennessee and Kentucky.

A Home Grown Dinner.

Spokane, Wash., Jan. 10.—One of the most unique dinners ever served in Spokane will be given January 10 at the Spokane hotel, when the annual meeting the Buying-at-Home league of Spokane will be held. The only edibles will be those grown or made at or near Spokane. The viands are to be served on dishes manufactured in this city and the cigars will be "Flor de Spokane;" but these things are trimmings to complete the piece de resistance, which consists of foods produced by the Spokane country. The dinner will prove a surprise to many of the guests as it is unlikely that even the best informed among them as to the resources of the Inland Empire enjoy full knowledge of its capacities to spread the table with home grown dainties all the way from soap to walnuts. The league has blocked out extensive plans to educate the Spokane public during 1912 into the profitable and praiseworthy habit of buying Spokane made goods and thus encouraging Spokane industries.

THE ONLY WAY

Many Ada Citizens Have Discovered It.

Just what to do when the kidneys are affected is a question that concerns both old and young. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys. Doan's Kidney Pills owe their world-wide fame to the fact that they have cured thousands of cases of sick kidneys and cured them permanently. Follow the example of this Ada citizen.

Mrs. A. White, Townsend Ave., and Thirteenth street, Ada, Okla., says: "We have used Doan's Kidney Pills in the family with such good results that I can recommend them highly, although I never used them myself. One of my family had been bothered with backache and weak kidneys. The use of Doan's Kidney Pills brought complete relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Wants Indian Cases Advanced.

Oklahoma City, Ok., Jan. 10.—Attorney General Charles West has filed application in the supreme court of the United States to have the Oklahoma Indian land cases advanced on the docket. These cases were brought in the Choctaw and Chickasaw nations by attorneys for the Indians, contesting the legality of the provisions of the McCumber amendments, providing that restrictions were removed over certain Indian lands, and that they could be taxed by the state.

In most of the cases the courts held that the state could tax these lands and the Indians appealed to the supreme court of the United States.

Every woman's heart thrills at the cooing and prattling of a baby, and motherhood is her highest and purest joy. Yet the suffering incident to this great consummation of her life's desire, robs the anticipation of some of its sweetness. Most of this can be avoided by the use of Mother's Friend. This great remedy prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. Mother's Friend assists nature in gradually expanding all tissues, muscles and tendons, it strengthens the ligaments, keeps the breasts in good condition, and brings the woman to the crisis in healthful physical condition. The regular use of Mother's Friend lessens the pain when baby comes, and assures a quick and natural recovery for the mother. For sale at drug stores. Write for free book for expectant mothers.
